

Aniket Kumar Mishra

📍 Bhopal, (M.P.) ✉ aniket22mishra2004@gmail.com ☎ 8225822969 🌐 anni990.me 🌐 in anni990

Education

B. Tech - Sagar Institute of Research and Technology, Bhopal (M.P.) RGPV Artificial Intelligence and Machine Learning CGPA: 8.21/10.0	Jul 2022 – June 2026
12th - New Shanti Niketan Higher Secondary School, Vidisha (M.P.) MPBSE PCM Percentage: 86.2/100 %	March 2021 – Feb 2022
10th - Saket MGM Senior Secondary School, Vidisha (M.P.) CBSE ALL Percentage: 80.2/100 %	March 2019 – Feb 2020

Technologies

Languages: Python, Javascript, SQL

Soft Skills: Quick learner, Team playership

Tools: Git, Github, Postman, Docker

Technologies: GenAI, Langchain, Flask, FastAPI, Node.js MySQL, MongoDB

Projects

AI Microservice - Integrated RAG System (<i>TrioTech Bizserve Pvt. Ltd.</i>) - Build a python flask based microservice (apis) for Node.js backend to integrate RAG Model. - Created required APIs for AI processing unit containing multiple LLM calls with vector knowledge base integration. - Tools Used: Python (Flask), Langchain, ChromaDB, LLMs.	Oct 2025
Green Sathi - Krishi Guru - Industry Project - A platform where farmers can communication with Chat-bot in multiple languages, analysis of plant image, Soil report, Mandi data (approx 40,000 rows/per day), and weather analysis. - Implemented 5 LLMs APIs with fallback for chatbot and ML Algorithm like neighbours ballTree. - Skills: Git, Python (Flask), Data Analysis, LLM - APIs.	May 2025
RenewForecast - AI Powered Energy Generation Prediction - NTCP Problem state to predict the generation of energy by wind and solar plant in the next 5 days. - Collected Solar and Wind dataset and trained ML Model with 86% accuracy with KNeigheestRegres-sor. - Tools Used: HTML, Tailwind CSS, Chart.js, Github, Machine Learning.	March 2025

Internships

Gen AI Intern , Fullscreens Technology Pvt. Ltd. (Hybrid) - Paid - Built AI agents, microservices, and Document Intelligence solutions for Generative AI products. - Collaborated with engineering, product, and research teams while structuring and preparing high-quality datasets to support LLM training and optimization.	Bhopal, M.P. Mar 2025 – Present
SDE Intern , TrioTech Bizserve Pvt. Ltd (In-office) - Paid - Learned Javascript for node.js backend integration with flask based microservice. - Implemented RAG model for specified Knowledge Base training and LLM integration. - Integrated python microservice APIs into node.js backend.	Bhopal, M.P. Aug 2025 – Feb 2026
AI Intern , Inventohack Innovation Pvt. Ltd. (Hybrid) - Developed and deployed two complete Full Stack Application integrated with AI systems. - Implemented LLM for VoiceBot and Chatbot with other single processing units using Machine Learning Models.	Bhopal, M.P. April 2025 – July 2025

Interests

Biking, **Playing Volleyball** and Cricket, Exploring new Tech for research.

Achievements and Certifications

Code Copyright: A Model for Prediction of Cardiovascular Diseases Using Machine Learning.

NPTEL Certification Course - Python for Data Science **90%**.

IIT BHU Techfest - 1 Billion Row Data Anaylsis Challenge - **3rd** Position.
